Assembly

13 pattern sheets in a grid 3 across (A1 top-left). Cut or fold along the dashed page frame and tape edge to edge: the black corner squares and edge ticks complete across each joint, and a piece running off a page tells you which sheet it continues on. Verify both squares on this page before cutting.

Cut list

Top Front - cut 1 on fold

Top Back - cut 2

Spaghetti Strap (ince aski) - cut 2 rectangle(s) 46 x 170 mm (finished 8 mm wide, a plain self-lined tube at the finished 140 mm strap span)

Strips / notions (chalked on fabric, not printed)

Bias binding (neckline + armholes) - cut 1 strip(s) 1231 x 25 mm ON THE BIAS (45° to the grain), join end to end (total 1231 mm = edge 1211 mm + overlap), press in half, wrap the edge and trim the excess

Construction order

1. Print and check the 3 cm calibration square before cutting.
2. This block uses standard assumptions for shoulder slope and underbust - sew a quick muslin first and adjust before cutting your real fabric.
3. Cut every piece as labelled ('on fold' on the fabric fold, 'cut 2' twice). Check the neck opening against your head circumference - a top has no zipper, it must slip over your head.
4. Staystitch the neckline just inside the seam line so it doesn't stretch while you work.
5. Sew the shoulder seams and press them open.
6. Prepare the neckline bias strip: join the ends as needed and press it in half lengthwise along the marked fold line.
7. Bind the neckline with the bias strip, right sides together and raw edges even, easing the strip gently around the curves. Trim to 6 mm, turn the folded edge to the inside and topstitch or slipstitch it down.
8. Sew the side seams.
9. Finish each armhole with its bias strip: press it in half, bind the armhole right sides together, ease around the curve, then turn and topstitch it to the inside.
10. Hem with a 2 cm double fold.
11. Spaghetti straps: cut the two strap rectangles as labelled. Fold each in half lengthwise right sides together, stitch the long edge, turn right side out and press (a plain self-lined tube, no gathering). Stitch each end to its shoulder placement notch - one at the front, the other at the back - catching it in the top-edge seam. Cut on the straight grain.
